

INSTRUCTIONS FOR PRESCRIPTION BENEFIT CLAIMS

To the Employee:

The attached Prescription Benefit Card contains important information about your employer's prescription drug plan, and you must present it to your pharmacist when filling any prescription related to your work injury. The card requires activation by telephone. Once activated, it will authorize you to obtain only those prescription medications that are directly related to your work injury. If your employer has called to activate your card, they will either fill in the required information on the card or provide you with the information needed to complete it. If your employer has not called to activate your card, you must call to activate the card prior to taking it to the pharmacy. When you call, you will be asked to provide your name, date of birth, employer's name and telephone number, and the date of injury. Please have this information available when you call.

CALL 866.446.2848 TO ACTIVATE YOUR CARD.

YOUR ACCOUNT NAME IS:

At the time of your call, write the ID number provided to you on your Prescription Benefit Card. Upon completion of your call, your card will be immediately activated. You may then take it to your pharmacy, and your prescription(s) will be filled subject to the following conditions:

- The prescription(s) must be related to your work injury; should you attempt to use this card for any other prescriptions, it will become your responsibility to pay for them.
- There may be limitations on how much of your prescription can be filled.
- Our staff may need to review certain information before filling your prescription. We will let your pharmacist know if this is the case.

Please avoid having any prescription related to your work injury filled directly by the prescribing physician's office, as most physicians do not accept prescription benefit cards similar to KeyScripts' for billing purposes. You may visit the KeyScripts network pharmacy of your choice, which includes all of the major retail pharmacies, such as CVS, Rite Aid, Target, Walgreens and Walmart. You can quickly find your nearest KeyScripts network pharmacy by using the pharmacy search feature on our home page, at www.keyscriptsllc.com, or call our toll-free customer service center at 866.446.2848.

Here is your KeyScripts Prescription Benefit Card containing important claims and customer service information for you and your pharmacist. After activation, detach the lower portion of this letter and present it to your pharmacist when filling your prescription.
